

# AMANO VALET

Empowering Your Parking Transformation

## AMANO Valet POS: AVP-1

AMANO Valet, a cloud-based cashless valet parking system to help valet parking business owner to eliminate the cash handling risk, increase the daily operation efficiency and provide better payment flexibility and convenience to the valet parkers.

### BENEFITS

- ▲ **Cashless** | To reduce fraud in cash handling.
- ▲ **Multiple payment methods** | Credit cards, debit card, e-Wallets, with Scan & Pay option. Allows cash collection too.
- ▲ **Portable** | Weight only 470g (including battery).
- ▲ **Cloud Based** | All records & transactions are real time updates.
- ▲ **Affordable** | Zero capex. Subscription model with minimum two handheld POS terminals preloaded with AMANO Officer App including cloud backend system. No hidden cost besides bank charges.
- ▲ **Consolidation** | All parking revenues: season, casual, enforcement and valet under one TimeTec parking cloud platform for parking owner.
- ▲ **Multiple locations** | Support multiple locations for valet parking business owner.
- ▲ **Fast deployment** | Within one week with payment gateway application and approval.
- ▲ **Integrate with Amano PMS** | Supports casual & season parking in one system.
- ▲ **Available Data Analytic** | Peak hours, parking duration per car etc.
